The IA SENB office will be reopening for appointments only starting the week of July 20, 2020.

Make no mistake: the impacts of the COVID-19 pandemic has changed how we work. These changes extend to how individuals commute, enter workplaces, interact with others, manage tasks, and more.

As we define our new normal in a COVID-19 world, workplace health and safety and the importance of strong safety leadership are more critical than ever before.

The health and safety of the individuals and families IA SENB serves, our Board members, staff and the community is our top priority,

IA SENB is following the strict guidelines and public health measures established by Public Health's [Guidance Document for General Public Health Measures](#) and WorkSafeNB's [Embracing the New Normal as we Safely Return to Work](#).

Looking forward to continuing to working with you.
